

## **ERGONOMIC WORKSTATIONS AND MACHINE BASES**

### ***Work Stations that work smarter.***

There are many ways that a workstation can contribute to increased productivity: the ability to easily adjust the working height, a convenient ergonomic working area, and the availability of accessory power—to name a few.

Extol, Inc. offers the ErgoStation™, a high performance line of ergonomic adjustable height workstations and machine bases. ErgoStations are engineered from the ground up to meet the requirements of customers with demanding applications. Standard models with load capacities ranging from 500 to 3,500 pounds are available with a full range of options. In addition, Extol, with years of experience in special machine building, can customize units to meet your particular needs or integrate multiple workstations into a complete manufacturing system.

### **ERGOSTATION™ FEATURES:**

- ***High load capacity***
- ***Integrated hi-lo access***
- ***Custom designs and color matching available***
- ***Available in 120V AC and 12V DC systems***
- ***Five-year warranty on drive system***

• Rated lift capacity (weight centered)	1,500 lbs.
• Height—base unit less work surface	29 1/2"
• Height—with upright option	90"
• Standard width	35"
• Weight—base unit	190 lbs.
• Weight—with upright & light option	315 lbs.
• Range of adjustment	12" of travel
• Lift cycle time (one way)	35 seconds
• Drive posts	2

## ERGONOMIC MACHINE BASES

### MODEL 1504

• Rated lift capacity (weight centered)	1,500 lbs.
• Height—base unit	25.5"
• Width	27"-35"
• Depth	27"-51"
• Weight—base unit	500 lbs.
• Range of adjustment	12" of travel
• Lift cycle time (one way)	35 seconds
• Drive posts	4

### OPTIONAL FEATURES

- Courtesy electric, duplex outlet
- Courtesy air
- Work surfaces available in Laminate, Wood, Aluminum, Steel or other preferred surfaces
- Casters or leveling feet
- Custom options and sizes are available

### MODEL 3504

• Rated lift capacity (weight centered)	3,500 lbs.
• Height—base unit	25.5"
• Width	27"-35"
• Depth	27"-51"
• Weight—base unit	500 lbs.
• Range of adjustment	12" of travel
• Lift cycle time (one way)	40 seconds
• Drive posts	4
